

COUNTY GOVERNMENT OF KWALE
COUNTY TREASURY

PUBLIC PARTICIPATION REPORT
BUDGET ESTIMATES FY 2026/2027

APRIL 2026

FOREWORD

Public participation is enshrined in the Constitution as among the principles of public finance management and good governance. County and National Governments are required by law to incorporate public participation as part and parcel of policy formulation, implementation and evaluation. The County Government conducted public participation fora on the 20th and 24th April 2026 as part of the Budget making process for the financial year (FY) 2026/2027 .Various organizations took part in the meetings. Among the participants include local civil society organizations, development partners, interested groups and the general public. The general public was represented by four representatives selected from each village unit at the sub county level.

This report gives a record of the views by the public and other participants and also the prioritized projects for each department to be incorporated in the FY 2026/2027 Budget. Our fiscal plan for the FY 2026/2027 anticipates resource envelope amounting to Ksh.18.7 Billion. Out of this, Ksh 9.5 Billion will be allocated to undertake development projects in the county. Though our priorities still remain to be vast compared to the available resources ,we will ensure fiscal prudence and optimal allocation and distribution of resources to enhance inclusivity and equitable development as we struggle to transform the lives of the citizens together.

BAKARI HASSAN SEBE
EXECUTIVE MEMBER EXECUTIVE SERVICES, FINANCE & ECONOMIC PLANNING

ACKNOWLEDGEMENT

Public participation has all along been done up to ward level. However for this FY 2018/2019 budget, the County Government decided to fora to the sub county level. This was because we had done the public participation meetings for the Second Generation County Integrated Development from the wards to the sub counties and to the county level.

As usual, undertaking of public participation for the budget preparation has been a collaborative effort of all departments of the county government. We are grateful to all the departments for their cooperation. I want to acknowledge the efforts made by the technical team comprised of officers from the county departments .Special gratitude goes to the Budget team from the office of the Director, Economic Planning and Budgeting for spending much of their time in consolidating the views and developing content for this report. Many thanks also go to the Non-State actors of the County Budget and Economic Forum for their mobilization of the citizens and active participation in the fora. Finally, I want to thank the staff of the Public Service and Administration department including the Sub-County, Ward and Village Administrators for the good organization of the meetings and making the entire exercise successful.

CPA ALEX ONDUKO
CHIEF OFFICER EXECUTIVE SERVICES, FINANCE & ECONOMIC PLANNING

NOTICE FOR PUBLIC PARTICIPATION

THE KWALE COUNTY BUDGET ESTIMATES FOR FINANCIAL YEAR (FY) 2026/2027

Article 201(1) of the Constitution of Kenya 2010 outlines the fundamental principles governing public finance, emphasizing openness, accountability and public participation. Apart from enhancing transparency, accountability, legitimacy and public trust, public participation empowers communities to influence policies that directly affect them and incorporates diverse public perspectives which lead to better, more sustainable decisions. In this regard, the County Government of Kwale will conduct public participation to deliberate on the draft FY 2026/2027 budget estimates from **20th to 24th April 2026**.

All stakeholders including the general public, civil society organizations, faith-based organizations, community-based organizations, youth and women groups, persons living with disabilities and any other interested persons or groups are therefore invited to the public participation meetings to give their views, proposals and other inputs for consideration in the budget estimates for FY 2026/2027. The meetings shall be held in the county wards as per the schedule given below: –
